

Botswana Internet Data Center

Overview

Botswana has launched its first national data center. The Tier-III certified Digital Delta Data Center (DDDC) is fully owned by Botswana's government and will be operated under BoFiNet, one of the country's telcos. The 1,000 sqm (10,763 sq ft) colo facility is located in the capital, Gaborone. Authorities say the infrastructure will accelerate fintech, AI, cloud services and. This report is part of a series of market briefs developed by Xalam Analytics at the behest of Digital Investment Facility (DIF) under the Data Governance in Africa Initiative, on the data center market opportunity in sub-Saharan Africa ("SSA"). Built to be the heart of BTC, the Facility offers a secured, scalable, cost effective environment to house customers ICT platforms and is the.
