

Cable tray assembly installation price

Overview

Wireways and cable trays price per foot installation ranges from \$8-15 for basic runs to \$25-40 for complex multi-level configurations. Cable trays are vital in electrical installations, providing secure pathways for power, communication, and control cables across residential, commercial, and industrial settings. Basic cable tray systems cost \$3-15 per foot depending on type and material. Installation labor adds \$5-8 per foot to total project costs. Ladder trays typically cost 20-30% less than solid bottom systems. Bulk orders of 1000+ feet can reduce unit pricing by 15-25%. Regional variations can impact pricing. But the actual price is the cash outlay to the workers to assemble the parts. Cable trays will tend to be significantly less expensive to use in 2026 than metal pipes due to their faster installation.

2 Why is Conduit So Expensive?
2 Can I Mix. The price is based on standard length of the cable tray which is 2. We want to improve this website so we need your help. Please send us your recommendations, suggestion, and request. Your focus is often on meeting standard requirements and keeping costs competitive for bids.
