

## Customized Indoor Distribution Box Housing

### Overview

We want to provide our customers with the best experience designing custom enclosures. That is why we provide customers with access to view their enclosure in 3D. Now customers can explore deep inside their custom. We want to provide our customers with the best experience designing custom enclosures. That is why we provide customers with access to view their enclosure in 3D. Now customers can explore deep inside their custom enclosure during the design stage. This enables customers to refine the design and add features before commencing manufacture. We are a specialist electrical enclosure brand that specialises in electrical enclosures. You can be confident that your custom enclosure conforms to IEC62208 and AS60529. We provide custom enclosures up to IP66, Nema 4, Nema 4x. This includes IP55, IP56, IP65 and IP66 rated enclosures. IP Enclosures are certified by an independent accredited test. IP Enclosures provide custom enclosures conforming and certified to IEC 62208 'Empty enclosures for low voltage switchgear and controlgear assemblies'.
