

Distribution box spd3

Overview

The ONEstage SPD3 is a compact power distribution hub designed for optimal safety and performance, compliant with AS/NZS3002:2021 and AS/NZS3105:2017. Ideal for various applications, it features a robust aluminium case and thermal overload protection. With three Type I GPOs and a locking powerCON. Minature stage power box with Trucon input and throughput, 10a 2 pole Circuit breaker/Switch & recessed power indicator light. 3 x 10a GPO (one roated 90 degrees, 1 double spaced). Join more than 40,000 other audio professionals and enthusiasts. These boards efficiently distribute power while safeguarding against voltage surges, ensuring equipment longevity and safety. With a 16kA busbar rating and IP3X enclosure, it's ideal for commercial and light industrial use. The board measures 542 x 500 x 106 mm and is constructed from powder-coated.
