

Distribution box yellow-green-red-blue

Overview

Designed for repeat use in fast-paced environments, the box features a tamper-evident hinged lid and is available with lid colours in blue, red, green, or yellow — making it ideal for zoning, allergen control, or visual stock identification. This 70L plastic storage box with coloured attached lid offers a secure, stackable solution for high-volume handling, internal logistics, and colour-coded storage systems. • Our 35 litre boxes are great value and made from strong thick plastic, available in green, red, blue and yellow. • Ideally used to store and keep a range of items such as ring binders or lever. This guide describes wiring color codes, international standards, and main rules to keep in mind to work smarter and safer. Australia uses red-lid, yellow-lid, and green-lid. They can be ordered in various sizes and designs.
