

How much does a complete custom-made distribution box cost

Overview

Custom boxes typically cost between \$1.50 per unit in 2026, depending on order volume, material selection, printing requirements, and finishing options. Wholesale buyers ordering 5,000 units or more can expect significantly lower per-unit costs compared to smaller. Understanding distribution box cost involves examining the comprehensive investment required for electrical distribution systems that serve as crucial infrastructure components in residential, commercial, and industrial settings. You might find a small plastic unit for the price of a fancy dinner, or an industrial-grade stainless steel beast that costs as much as a compact car. Printed poly mailers have a broad price. At Mail Boxes Etc. Manchester - Piccadilly, we produce high-quality custom boxes and branded packaging at competitive prices with a fast turnaround.
