

Modular Data Center Share

Overview

North America modular data center industry held the major share of 41. is expected to grow significantly from 2025 to 2030. The increasing adoption of cloud computing, coupled with the need for scalable, mobile, and disaster-resilient infrastructure, is driving. Northstar Enterprise + Defense offer solutions with speed, performance and security in mind (Credit: Northstar Enterprise + Defense) Northstar Enterprise + Defence delivers turnkey solutions for AI/ML, enterprise, telecoms, defence and government applications, with a specialised focus on modular. The global modular data center market size is valued at USD 34. 08 billion by 2034, growing at a CAGR of 17. The industry is primarily driven by the increasing demand for scalable and energy-efficient data center. Modular Data Center Market Size, Share and Trends Analysis Research Report Information By Component (Functional Module, Services), By Data Center Size (Mid-Sized, Large Enterprise), By Tier Type (Tier 4, Tier 3, Tier 2, Tier 1), By End User (BFSI, IT and Telecom, Healthcare), And By Region (North. The Modular Data Center Market was valued at USD 25.
