

Norway provides fiber optic sensor manufacturers

Overview

NOR-DIP (Distributed Sensing Instrument Pool) provides fiber sensing equipment to interested organizations. It includes two ASN-OptoDAS interrogators for acoustic sensing and one NKT-LIOS DTSS for temperature and strain measurements. Identify and compare relevant B2B manufacturers, suppliers and retailers Max. Smartoptics specializes in innovative optical networking solutions, offering a comprehensive portfolio of optical transceivers designed to meet diverse network requirements. Their products cater to various applications. NORSAR utilizes advanced Distributed Acoustic Sensing (DAS) to develop precise monitoring and secure solutions in areas ranging from avalanches and traffic to pipelines and water leaks. The main advantages of fibre optic. Analytik Jena is a leading provider of high-end analytical measuring technology, instruments, and products in the fields of biotechnology and molecular diagnostics and high quality liquid handling and automation technologies. When we were established in 2001, we were among the first companies in Norway to specialize in fiber optics.

Article Content

Foss Fiber Optics AS

Den 15. oktober fikk en del av produksjon i Norge muligheten til å besøke TE Connectivity i Swindon for opplæring i COP og produktbevissthet. I krevende miljøer stilles det store krav til materiellet. Både

Fibre optic sensor technology

Fibre optic sensor technology We develop new accurate measuring instruments NORCE has extensive expertise in developing and utilizing state-of-the-art fibre optical sensing technologies. We have

Foss Fiber Optics

Foss Fiber was established in 1987 and since then has become one of the largest manufacturers of fiber optic solutions in Norway. The company has a wide range

Norway Intrinsic Optical Sensor Market Boom: Digital ...

Norway Intrinsic Optical Sensor Market was valued at USD 1.0 Billion in 2022 and is projected to reach USD 2.

Top 46 Optical Sensor Manufacturers in Norway (2026) | ensun

Discover all relevant Optical Sensor Manufacturers in Norway, including SmartOptics and IDEX

Norway Distributed Fiber Optic Sensor Market (2024-2030 ...

Norway Distributed Fiber Optic Sensor Industry Life Cycle Historical Data and Forecast of Norway Distributed Fiber Optic Sensor Market Revenues & Volume By Fiber Type for the Period 2020-2030

Top Sensor Companies In Norway In 2026

Norway is home to several sensor companies that specialize in developing innovative sensor technologies for various industries. Some of the notable sensor companies in Norway include

Fiber Optic Temperature Sensor DTSX | Yokogawa Norway

The DTSX fiber optic temperature sensor, which uses optical fiber for the temperature sensor, quickly detects and locates abnormalities in equipment by monitoring temperatures at production facilities

Laser Components

Welcome to LASER COMPONENTS Nordic. We manufacture and distribute

The 10 Best Sensor Manufacturers In Norway 2026

Are You Looking For the Best Sensor Manufacturers and distributors In Norway? You've come to the right place, this list will tell you everything.

Fiber Projects in Norway – May 2020

Distance: 700 km RFS: Q3 – 2021 A new fiber optic sea cable system between Norway and the UK with the Norwegian landing point at Green

Fiberoptic sensing

NORSAR provides unique opportunities for testing fiber technology, ranging from instruments and calibration sites to full-scale monitoring test facilities. Each

Fibre optic sensor technology

NORCE has extensive expertise in developing and utilizing state-of-the-art fibre optical sensing technologies. We have experience with distributed measurements of a wide range of parameters

optical fiber Companies and Suppliers in Norway

The HORIBA Group of worldwide companies provides an extensive array of instruments and systems for applications ranging from automotive R& D, process and environmental monitoring, in-vitro medical

Home | Hamamatsu Photonics

The official website of Hamamatsu Corporation whose mission is to advance science and industry through photonic technologies. Our products include optical sensors

Fibre Optic Sensors – Mouser Norway

Fibre Optic Sensors are available at Mouser Electronics. Mouser offers inventory, pricing, & datasheets for Fibre Optic Sensors.

Fiber Norway

Fiber Norway AS disposes fiber from Narvik to Trondheim. On this it will be established a futureproof optical data transport system with several add/dropp nodes on the way. In addition, regional fiber is

Distributed Fiber Optic Sensor Companies

SLB has a comprehensive product portfolio in the distributed fiber optic sensor market. The company also provides sensing solutions to support a range of verticals such as oil & gas, power, industrial,

Top 7 Norwegian Electronics Companies in 2025

PCB Manufacturing Requirements for Norwegian Electronics Excellence Norwegian electronics companies developing specialized wireless solutions, industrial

Foss Fiber Optics

Foss Fiber is a Norwegian manufacturer of fiber optic solutions. The company specializes in delivering bespoke fiber optic solutions to customers in a range of fiber optic Companies and Suppliers in Norway | ...

The HORIBA Group of worldwide companies provides an extensive array of instruments and systems for applications ranging from automotive R& D, process and environmental monitoring, in-vitro medical

The Group Foss Fiber Optics AS

Noratel is one of Europe's leading manufacturers of high-quality customised transformers and wound components. Headquartered in Hokksund, Norway, Noratel has been supplying transformer-related
