

Paraguay Bridge Frame

Overview

Brazil-Paraguay Integration Bridge is a road bridge, cable-stayed bridge with semi-fan system and prestressed concrete bridge that was built from 2019 until 2025. The project is located in Foz do Iguaçu and Presidente Franco, Alto Paraná, Paraguay, . Paraguayan President Alfredo Stroessner (right) and Brazilian President Humberto de Alencar Castelo. dream come true for the region that has been 40 years in the making. The long-awaited second connection between the two countrie has a main span of 470 m, making it the longest in Latin America. A project of this size required suitably large. Paraguay and Brazil are preparing to open the Integration Bridge (Puente de la Integración) by mid-December 2025. The long-awaited structure will connect the city of Presidente Franco in Paraguay with Foz do Iguaçu in Brazil, creating a new route for trade, tourism, and regional cooperation across. This is the Friendship Bridge, or Ponte da Amizade in Portuguese and Puente de la Amistad in Spanish, and it is far more than a piece of infrastructure.
