

Quick-connect cable for distribution box

Overview

With the QPD system, we provide a fast, safe power connection up to 690 V and 40 A. Plugs, conductor connectors, and distributors can be connected on-site without special tools. The new Woertz quick connection box - unsurpassed fast! A revolution in electrical installation! For quick installation with pluggable connection cable (IP40/IP68) in 24 different variants for Woertz flat cable systems. The installation of the box requires no tools, takes less than a minute and can. QuickCable® is the leading manufacturer of connectors, cable, cable assemblies, tools and accessories for the energy storage industry. We offer regulation and application-specific features such as flexible mounting and. ABB offers a total ev charging solution from compact, high quality AC wall boxes, reliable DC fast charging stations with robust connectivity, to innovative on-demand electric bus charging systems, we deploy infrastructure that meet the needs of the next generation of smarter mobility. For Woertz Dali, Combi and Power flat. Pre-assembled, two-part patch cable system with watertight QODC plug connection.
