

Rooftop electrical distribution box installation price

Overview

New panel box pricing typically ranges from about \$150 to \$1,900 for parts and labor, with most residential projects landing between \$450 and \$1,500 depending on amp rating, gauge of wiring, and labor complexity. Understanding distribution box cost involves examining the comprehensive investment required for electrical distribution systems that serve as crucial infrastructure components in residential, commercial, and industrial settings. The total often includes the panel enclosure, breakers, wiring, and professional. While distribution box prices depend heavily on capacity and features, we've tracked emerging patterns. Expect these price points when budgeting for 2025 installations: Quality power cables make or break your electrical system.
